Who We Are

CARTON SERVICE – PACKAGING INSIGHTS (CS-PI) is a turnkey contract packager for the pharmaceutical, medical, OTC and dietary supplement industries. We offer integrated, primary and secondary packaging for solid dose applications. CS-PI has been privately held and family managed since its inception in 1926. The current leadership has been in place since 1961.

Our facilities are comprised of 290,000 sq. feet of packaging, design services, carton manufacturing, warehousing, and office space. The facilities are temperature controlled and humidity monitored. Video-conferencing is in place to connect our multiple facilities to each other and our customers. Video surveillance is in place throughout our packaging facilities.

Carton Service – Packaging Insights employs 300 associates in our Norris, TN and Shelby, OH facilities.

Major Markets

CARTON SERVICE – PACKAGING INSIGHTS is uniquely positioned to deliver turnkey product launches and trade packaging for the Mid-Sized, and virtual Pharmaceuticals marketplace throughout North America.

Our Vision Statement communicates that CS-PI must set “the standard” for image-sensitive customers through innovative solutions, quality systems, supply chain excellence and packaging services.

Over the past two decades we have focused our associates’ expertise, facilities, systems and equipment to deliver our Vision Statement confidently and consistently.
