Vital Statistics

Year Founded: Parent company Ciba Corporation became independent in January 1997, having been formed from the specialty chemicals operations of the former Ciba-Geigy whose roots date back to the 18th Century. Drawing upon many years of experience, Ciba Expert Services was formed in 2004 in order to provide a comprehensive offering of expert services designed to enhance the business performance of companies in a variety of industries.

Number of Employees: Ciba Corporation currently employs around 14,000 people at 63 sites in 20 countries and 22 research centers in 12 countries.

Annual Worldwide Revenues: Parent company Ciba's 2006 earnings were \$5.3 billion.

Key Personnel: Adrian Knott, Global Head of Expert Services; Gilbert Ligner, Global Head of Environmental, Safety and Testing Services; Marc Thouin, Global Head of Regulatory Services; David Simmonds, Pira International; Miles Hutchings, Head of Expert Services NAFTA.

Who We Are

CIBA EXPERT SERVICES PROVIDES a complete package of knowledge-based services to the manufacturing community. Our clients represent a wide array of technologies and industries including specialty chemicals, pharmaceuticals, automotive, textiles, manufacturing and plastics companies.

Our global network of experts help customers in highly regulated industries achieve compliance, efficiencies and

sustainable success. They are hands-on practitioners in the fields of Safety, Environmental, Regulatory, Testing and Education.

Based on over 100 years of experience in the specialty chemicals industry, our portfolio of consulting and testing services can bring products to market faster, increase productivity, improve product quality and enhance your performance.
