Who We Are

ALLIANCE MEDICAL PRODUCTS (AMP) is a cGMP, FDA and ISO13485 contract manufacturer providing expertise in difficult to manufacture formulations that include solutions, suspensions, emulsions, sterile ointments and gels with the capability to fill an array of container closures including vials, dropper tip bottles, screw cap bottles, cartridges and squeeze tubes. In addition to its manufacturing capabilities, AMP maintains state of the art micro and analytical laboratories, and the capability to provide stability services meeting all ICH guidelines.

Major Markets

ALLIANCE MEDICAL PRODUCTS provides contract manufacturing and laboratory services to the Pharmaceutical and Biotechnology industries. AMP provides developmental, clinical and commercial contract manufacturing services to large and small organizations.
