## Vital Statistics

**Year Founded:** 1993

**Number of Employees:** 350+

## Who We Are

AZOPHARMA PRODUCT DEVELOPMENT GROUP, *The Total Product Development Company™*, provides full product development and stand-alone services for the pharmaceutical, biotech and medical device industries. From discovery and early preclinical studies to manufacturing and commercialization, Azopharma provides the complete spectrum of development services.

Our Group of Companies include:

- **Azopharma Contract Pharmaceutical Services** - Integrated product development and CTM manufacturing for all dosage forms.
- **ApiCross Drug Delivery Technologies** - Proprietary drug delivery platforms to solve difficult molecular challenges.
- **Cyanta Analytical Laboratories** - Analytical chemistry and inhalation services from development to quality control testing.
- **AniClin Preclinical Services** - Preclinical services in support of early product development.
- **IQsynthesis** - Synthetic chemistry services from discovery to clinical API supplies including large scale API synthesis.
- **AvivoClin Clinical Services** - Human clinical pharmacology services for Phase I/II/III clinical trials.
- **ADMEQuant Bioanalytical Services** - Bioanalytical research analysis of pharmaceutical compounds in all matrices.
- **Acromon Clinical Research Organization** - Clinical monitoring, data management and statistical services.

### Services and Capabilities

Our capabilities include:

- Full IND Development
- Full NCE Development
- Full ANDA Development
- Full Medical Device Development

Our facilities are FDA registered and inspected, DEA approved and client audited on a regular basis. We are registered with the DEA for testing all schedules of controlled drugs and additionally have individual licensing for manufacturing on an as-requested basis. The sites are fully cGMP compliant and have an excellent inspection record.

We welcome visits to our South Florida facilities as well as our other sites to conduct audits or meet with our pharmaceutical scientists to outline a study that meets your specific needs.

## Services Offered

AZOPHARMA PRODUCT DEVELOPMENT GROUP also offers bundled service lines from key sections of the development process to Maximize Communication and Minimize Downtime.

### Preclinical Bundle

- ADMET Programs
- PK/PD Studies
- Preformulation
- Method Development/Validation
- Bioanalytical Services
- Supply of API, Reference Standards and Labeled Materials

### Clinical Bundle

- Formulation Development
- CTM Manufacturing
- First-In-Human Studies
- Phase I-III Studies
- Bioanalytical Testing
- Multi-Site Management

### CMC Bundle

- Formulation Development
- CTM Manufacturing
- Drug Delivery Technology
- Stability Programs
- Extractables and Leachables
- Analytical R&D

### Commercial Bundle

- API Manufacturing
- Contract Manufacturing
- Regulatory Support
- Product Enhancement
- Lifecycle Management Technology
