## Who We Are

FISHER CLINICAL SERVICES is a leading provider of global clinical trial supply services to the pharmaceutical and biotechnology industries through a global network of expert project teams, state-of-the-art facilities, and integrated IT systems. Having established a reputation for quality, flexibility and innovation, we continue to expand our capabilities with strategically located facilities, providing accurate and cost effective solutions for global clinical trials. Our experienced staff can offer the right solutions for your domestic or global clinical supply chain and biological specimen projects.

## Services Offered

- **Clinical Supply Program Management**  
From initial project development stages through study-end reconciliation
- **Clinical Supply Packaging**  
State-of-the-art pharmaceutical packaging technology provides the highest level of quality, efficiency and flexibility for both Primary and Secondary Packaging needs
- **Ambient and Cold Chain Distribution**  
Ensuring that the right materials get to the right place, at the right time
- **Manufacturing of Overencapsulated Supplies**  
The equipment, personnel and processes needed to solve challenges on a local or global scale
- **Ancillary Supply Chain Management**  
A full suite of analytical services providing capacity and responsiveness

### **Facilities**

Fisher Clinical Services has strategically located global facilities that are well equipped to meet your Clinical Material Supply Chain, Ancillary Supply Management and Biological Specimen needs.
