Who We Are

LANCASTER LABORATORIES is one of the world's largest commercial testing laboratories, providing innovative scientific solutions to pharmaceutical and biopharmaceutical customers worldwide.

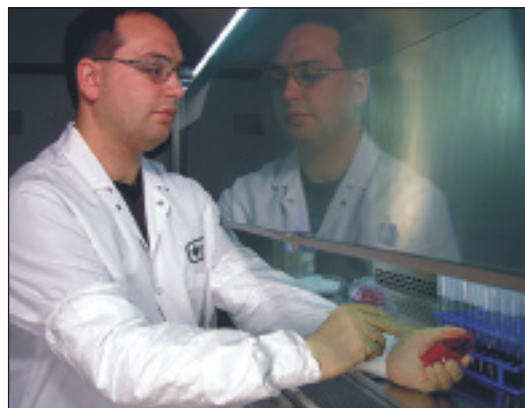

For a seamless service experience, customers team with scientists and project managers throughout the outsourcing process from testing to monthly reports to 24-hour online data access at LabAccess.com. Lancaster Laboratories' campus includes a 225-000 square-foot facility equipped with state-of-the-art instrumentation, including a 9,000 square-foot controlled microbiology laboratory. Fee-for-Service, FTE and Professional Scientific Staffing at the customer's site

along with Lancaster Laboratories Europe/Microchem in Ireland further broaden global customer service options.

Major Markets

THE GLOBAL LEADER in Pharmaceutical/Biopharmaceutical testing services, Lancaster Laboratories provides innovative and timely scientific solutions that enable customers to better manage the drug development process. Serving a broad spectrum of companies in the pharmaceutical, biopharmaceutical, medical device, and animal health industries, Lancaster Laboratories' active clients include 19 of the 20 largest pharmaceutical companies in the world.
